Experience the vibrancy of the Central Avenue Cultural Corridor through the Mural Central Walking Tour. Plaques installed at seven landmark buildings share the history of Northeast's bustling main street from the early 1900's to today.

The plaques also provide details about the unique mural installations they are paired with and feature a QR code linked to a short artist talk. So, take a walk and experience the Mural Central Walking Tour.

Mural Central is a project of the Northeast Minneapolis Chamber, supported by the Northeast Minneapolis Arts Association and Public Functionary and funded in part by the City of Minneapolis.
